ALUMINUM IRRIGATION PIPE

Used for Sprinkler Laterals

RAIN-WAY hook style pipe can be used to transport water or liquid manure. It is mainly used for hand-move solid-set irrigation systems. The pipe coupler has a 1" FPT for sprinkler installation and is fast and easy to couple with only one person. Compatible with most hook style pipe!
Price includes gaskets.

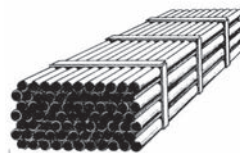

Used for Main Lines

RAIN-WAY ring-lock is used to transfer water or liquid manure to traveling irrigation guns and other irrigation systems. The pipe coupler uses a clamping ring to lock the pipes together. Pipe is tested to 150 PSI to assure leak free couplers. Couplers do not have riser outlets.

*ALL Aluminum Pipe ordered upon request

*This is a Non-Stocking Item

*NOTE: Lead time MAY exceed 2 Month
