

EMBOSSED PLASTIC MULCH

Black Embossed

Agricultural Film Division of SIGMA Plastics Group

“Customers’ First Choice!”

FilmTech has a high quality soft micro cast embossed film. Grower favorite for its superior stretchability and hugging to the bed. Its elasticity makes it wind resistant and works well in a variety of soil types and climates. End of roll flagging tells you when to get the next roll ready.

1 MIL EMBOSSED PLASTIC

PART #	SIZE	MIL	WT.	PRICE	10+ ROLLS

Biodegradable

ORIGINAL
BioTELO

Biodegradable Mulch

This film starts to break down in about 4 months and by the end of the year it's mostly all gone. Tested and proven; acts like a natural fertilizer.

Bio-Telo will tear if tension is too tight when laying. Plant soon after laying to avoid early degrading. Approximate 2 year shelf life if stored indoors.

PART #	SIZE	MIL	PRICE
BIO485.....	4' x 500'	.8	\$ 74.00
BIO450.....	4' x 5000'	.6	\$ 263.00
BIO540.....	5' x 4000'	.6	\$ 263.00

Purchase Biodegradable mulch!! Enjoy the convenience of no lifting or disposal! Avoid all the labor!

What is BioTelo Agri made from?

BioTelo Agri is wholly composed of Mater-Bi, a corn-starch based material whose complete biodegradability has been certified by The Belgian Institute of Organic Waste System as part of the certification program “OK Compost”, “OK Biodegradable Soil”, as well as other international institutions such as AIB Vincotte (Belgium), Dencertco (Germany), and IIP Italy. These certifications have followed the standard methods CEN EN 13432, DIN 54900. Currently not Omri listed.

Blown Embossed

Agricultural Film Division of SIGMA Plastics Group

This blown embossed plastic may be stronger for cultivating or removal. As with any blown film, it is a stiff, shiny black film, that may crease when laying, or flap in windy conditions. Compares with Poly Expert's super strength.

PART #	SIZE	MIL	PRICE
BLO440.....	4' x 4000'	1	\$ 104.00
BLO540.....	5' x 4000'	1	\$ 131.00
